

# Business Management Platform

Integrated software solutions  
for governance, performance,  
risk, and compliance

Operate efficiently as a connected enterprise –  
manage your governance, performance, risk,  
and compliance with a single digital tool.

Corporater Business Management Platform (BMP) is a robust, enterprise-grade software that enables organizations to digitalize their operations, have a complete overview of their business, and drive business outcomes.

Corporater BMP provides the flexibility, security, and features needed to meet the demands of today's modern organizations.

## Flexible Configuration

And we mean really flexible. Corporater BMP offers more configuration options than any other software on the market. Corporater solutions can be configured precisely per your specific business requirements and be continuously modified as your organization's needs evolve. With Corporater, you're never stuck, never locked in.

## Rapid Implementation

No need to code. No need to wait. Get up and running fast with our proven rapid deployment methodology. All Corporater solutions are built as accelerators – pre-configured solutions – allowing you to save resources and get up and running in weeks, not months.

## Ready-to-Go Solutions

Discover Corporater ready-to-go solutions pre-configured with industry best practice frameworks, processes, and workflows. All solutions built on Corporater BMP can be used independently as point solutions, or be seamlessly integrated with one another allowing organizations to manage their entire business with a single tool.
