# CORPORATER

Regulatory & Organizational
Compliance Management

Experience the business impact of a risk-based approach to compliance management. Manage your regulatory obligations and demonstrate compliance to regulators and key stakeholders.

Corporater provides an integrated platform for risk and compliance management enabling a shift from a compliance-driven to a risk-driven approach to regulatory compliance — aligned with business performance and strategy planning. This introduces a modern approach to regulatory compliance management — where compliance management is considered an integral part of business operations and strategy execution, instead of being considered a necessary evil.

Built on Corporater Business Management Platform, Corporater compliance software enables organizations to proactively manage laws, rules, codes, standards, and regulations applicable to their industry and operating environment, and stay prepared for upcoming changes to regulatory requirements.

Solution Highlights

- Achieve a holistic oversight of your regulatory and/or organizational compliance — use Corporater pre-configured best practice compliance dashboards, or configure your own

- Manage multiple regulatory frameworks, standards, laws, rules, and regulations in a single integrated system

- Standardize and automate compliance processes, workflows, alerts, notifications, and reporting

- Generate comprehensive audit-ready reports for auditors, regulators, business partners, the Board, and other key stakeholders
